MUST TELL THE TRUTH

Dispute Between Alger and Miles Will Not Down.

CONGRESS WILL INVESTIGATE IF THE PRESIDENT FAILS.

Washington, Aug. 29—Special—There is nothing new in regard to the disagreement between Gen. Miles and Secretary Alger. The opinion is growing that the secretary will make no effort to have Miles brought before a court martial. The latter's friends are anxious for such a chance to expose the secretary's duplicity, and have no fears of the result. They assert that as soon as the general returns from Porto Rico he will proceed to make things warm in the vicinity of the war department, and force the secretary to retire if he refuses to make good his charges or make such amends as may be proper for the slights to which he subjected the commander of the army. If neither the secretary nor the president will take the initiative the matter will be brought before congress and justice sought, no matter whose hearts may ache in consequence.

Inquiry Lags.

Washington, Aug. 29—Special—Unless Gen. Miles forces an issue with Secretary Alger, or congress takes the matter in hand, there will be no inquiry into the charges of inefficiency against the war department. Gen. Alger says he will take no steps in the matter—that his department is not to blame either for the indignity to Miles or for the prevalence of disease in the army camps. It is more than probable, however, that the president will take the matter in hand and institute an investigation which shall fix the responsibility where it belongs. Public feeling has become aroused by the tales of horror that come from Montauk, Jacksonville and Chattanooga, and will not be appeased by the mere assertion that such things are unavoidable. The president knows that they could have been avoided, and if he does not himself take steps to punish those guilty of neglect and mismanagement will call the attention of congress to the matter in a strong paragraph in his annual message.

An Old Quarrel Settled.

Washington, Aug. 29—Special—The designation of Gen. Merritt as a representative of the government to the Paris conference is regarded here as indicating that a reconciliation has taken place between him and Secretary Alger. They have been on bad terms ever since the civil war, and Merritt's assignment to Manila was considered at the time to be an effort on the part of Secretary Alger to put him where he would have no opportunity to distinguish himself. Gen. Merritt has achieved much glory, however, and is now grateful for what he once termed his exile. The secretary of war, too, has mitigated his dislike of the general, and is willing that he shall go to Paris to give testimony regarding the condition of affairs in the Philippines. The healing of the old breach is regarded with much satisfaction by friends of both parties.

The Porto Rico Commission.

Washington, Aug. 29—Special—Formal orders were issued this morning detaching Schley from command of the second North Atlantic squadron and ordering him to Porto Rico as commissioner. Probably the American flag will be flying in San Juan and Havana a week from Wednesday.

Alger Doesn't Know It.

Washington, Aug. 29—Special—Secretary Alger stated today that he knew of no orders directing Gen. Merritt to leave Manila for Paris for the purpose of attending the sessions of the peace commission.

To Be Mustered Out.

Washington, Aug. 29—Special—The following regiments were today ordered mustered out: First, Fifth and Seventh Illinois.

Needs No Reinforcements.

Washington, Aug. 29—Special—The navy department denies that Dewey has asked for reinforcements.

CREATES SENSATION ALL OVER EUROPE

CZAR OF RUSSIA'S PLEA FOR UNIVERSAL PEACE.

It Forms the Chief Topic of Discussion at the Continental Courts—Emperor William Had Thought of the Same Thing—May Prevent Russo-English War Over China.

London, Aug. 29—[Special]—The czar's appeal for universal peace has stirred all Europe. It is the topic of the hour with the press and public. Diplomats and politicians are conferring on the matter and trying to find

CZAR NICHOLAS II.

a reason for the czar's unexpected effort to ward off the calamities that threaten the world.

Berlin, Aug. 29—[Special]—It is understood the emperor will cordially support the czar's proposal.

London, Aug. 29—[Special]—The Chronicle's Paris special says: "The Emperor William would have issued a proposal similar to the czar's, if the czar's advice had not forestalled him."

London, Aug. 29—[Special]—Russian overtures for a general peace conference are regarded as a proclamation issued by the czar that no serious consequences will result from the Anglo-Russian entanglement in Chinese waters.

FROM MARINETTE BY COACH

Gay Party of Tourists Arrive in Town From the North

A fashionable coaching party from Marinette rolled into the city this morning at 9:45 and disembarked at the Hotel Myers, where they partook of dinner. This afternoon they left for Delavan Lake, and from there will make their way to Chicago. They are merely out on pleasure bent, and seem to be having a right royal time. The turnout is drawn by four sparkling horses and makes a dash for appearance as it rolls across the country. The trip is given by F. Carney, of Marinette, and is composed of the following ladies and gentlemen: Mr. and Mrs. F. Carney, Jr., Mr. and Mrs. J. B. Ellis, Miss Fleischman, Miss Gubbert, Miss McHale, F. L. Carney and A. B. Carney.

NECK BROKEN BY A RUNAWAY

Earle Roe, of Stoughton, Thrown from a Buggy and Instantly Killed.

Mayor Heddles, of Edgerton, was in the city today, and reports the accidental killing of Earl Roe, of Stoughton, which took place in Edgerton Saturday evening.

Roe was employed in a Stoughton livery stable, and Saturday, drove to Edgerton with a traveling man. While on his way home his team ran away, throwing the unfortunate man out in such a way as to break his neck. Death was instantaneous.

Deceased was about twenty-two years old, and was a single man. He leaves a sister and brother in this country and a father and mother in England.

RECOVERING FROM HIS WOUND

James Mackin, the Victim of a Stabbing Affray, Attended Church Yesterday

James Mackin, the young man who was stabbed by Porter, was able to be out yesterday and attend church. He is fast improving and his wound causes him but little trouble.

Friends and relatives of Porter are losing no time these days in making every effort to collect evidence that will be of value to the defendant when his case is called in the municipal court. Porter is still occupying a cell in the county jail in default of \$250.

RIVER CLAM SHELLS IN DEMAND

Mr. Davenport Is Looking For a Supply for Export.

Harry Davenport, of this city, returned home Saturday night from New York City, where he went for the purpose of looking into the clam shell and pearl button industry. He reports the outlook as being most promising, and says that he is now in the market for 500 tons of river shells, and will pay for the same the highest market prices. The shells are wanted for export to be sent direct to the pearl button manufacturers of Holland and France.

ORDERS ISSUED FOR MUSTERING OUT

THE FIRST REGIMENT WILL BE BACK IN WISCONSIN SOON.

Intelligence Reaches Janesville Late This Afternoon—Boys Will Probably Be Brought to Camp Harvey—There Their Last Act in Their Military Careers Will Be Performed

After many delays which proved disheartening to the soldiers encamped at Jacksonville and their friends here at home, the order has at last been issued from the war department for mustering out. The intelligence reached The Gazette at a late hour this afternoon. It simply said:

"The First Wisconsin is ordered mustered out."

There is no intimation of when the order will be carried into execution. Doubtless, as in the case of other regiments, the First will be sent back home in a body, rendezvous at the place where they were mustered into service—Camp Harvey, at Milwaukee—and there be dismissed from the service in due and regular order.

As was the case with the regiments from other states the boys will be detained in the service at the home camp until they have been paid by the government and have turned over their arms and accoutrements to the proper officer of the government. This will all require time—two or three weeks at least. The boys will doubtless leave the fever infected camp at Jacksonville, however, before the close of the present week, and arrive within reach of their friends within a few days thereafter.

This intelligence will bring much joy to many households in Janesville and vicinity, and when the boys return they will be welcomed back with greater enthusiasm than was manifested when they marched forth in the expectation of doing battle for their country—an expectation that was never realized.

BURNED TO DEATH

Daughter Of a Farmer Living Near Rio Meets a Terrible Death Last Night.

Rio, Wis., Aug. 29—[Special]—A temporary dwelling on the farm of Warren Gullbert, six miles southwest of this village, was destroyed by fire and a two year old daughter of Eugene Gullbert, who was asleep in an upper room, was burned to death last night.

FELL OVER PRECIPICE

Famous English Engineer and His Whole Family Meet a Terrible Death.

Berne, Switzerland, Aug. 29—[Special]—Sir John Hopkinson, the celebrated English electrical engineer, his son and two daughters were killed Saturday by falling over a precipice.

RAILROADS DISCHARGE MEN

An Important Step in the Right Direction Taken

The following item taken from this morning's Chicago Record will interest many in this city: "The dismissal of men addicted to the liquor habit has deprived the railroads of some old and capable men in many directions, but the feeling has grown that a railway employee who uses liquor at all may at some time drink a little too much and cause an accident which may destroy much life and property." This is a step in the right direction, and it is now almost the universal practice on our railroads. Referring to this question, Dr. Hargreaves, of the Hargreaves Institute, Room 1, Jackson block, says: "The sentiment is growing rapidly, and it is now a recognized fact, that a sober man can do more work and better work, than a drinking man. It is even extending to mercantile and professional men in a very marked measure. People would rather entrust their business to a man who does not drink than to one who does, for they are not sure that the drinker will not be drunk when his services are most wanted. We cure men of the appetite or craze for liquor and put them where they were before they ever drank liquor. They are masters of themselves, and able to perform the duties of life with credit to themselves and those who employ them."

CASES ARE HEARD IN COURT

Two Suits Briefly Considered in the Civil Courts of Janesville.

Judgment of foreclosure on a note for a total of \$409.32 was allowed in the municipal court this morning in the case of S. D. Grubb and J. E. Hayner vs. Harry Eave and Joseph Lebold.

When the case of Timothy McKugo vs. Henry Collins was called, it was adjourned until August 31 at 1 o'clock. A jury of six will be drawn to decide whether or not Mr. McKugo is entitled to damages from Mr. Collins, who, it is claimed, has not fulfilled his contract while in charge of the former's farm in the town of Rock.

HORRORS OF THE CAMP

Terrible Story of Neglect Comes from Chickamauga.

SURGEON RESIGNED IN ORDER TO TELL THE TRUTH.

Chickamauga Park, Aug. 29—Special—Maj. C. F. Ruth, brigade surgeon, and professor in Iowa college, has resigned that he might tell the truth about Camp Thomas. He has sent a lengthy report to Gov. Shaw in which he says the accommodations are not adequate for one third of the sick, but all are crowded into the hospital. Typhoid fever patients were allowed to lie in filth so long that they were covered with maggots when the nurses finally reached them. The nurses used linen soiled by typhoid fever patients to wipe out the drinking vessels for the sick. Major Ruth also declares that the official reports of the number of sick are falsified, the number reported being less than one half the actual number.

Conditions Are Improving.

Montauk, Aug. 29—Special—The conditions are improving. Red tape is practically a thing of the past, and soldiers are now receiving enough food to prevent starvation. A whole shipload of supplies has been received for distribution among the regulars. When the car containing the fruit sent by Santiago citizens to Helen Gould was opened last night, it was found that 225 boxes of lemons had been stolen, evidently by railroad employees.

Demand an Investigation.

Washington, Aug. 29—Special—Letters have begun to pour in from all parts of the country demanding an investigation of the camp horrors. The heads of bureaus claim to have facts and figures to prove they are not responsible. Other officials continue to assert that the system is to blame. Secretary Alger says a hundred and fifty thousand men will be mustered out before fall, but in the mean time all the sick will be given furloughs as soon as they are able to leave camp.

Returned to Their Posts.

Washington, Aug. 29—Special—The announcement is made by the secretary of war that every regiment of regulars who were stationed east of the Mississippi before the war will be returned to their posts immediately.

Sick Arrive.

Boston, Aug. 29—Special—The hospital ship Solace arrived from Guantanamo this morning with seventy-five sick sailors and soldiers aboard. No deaths occurred during the passage.

A Yellow Fever Boat.

Montauk Point, Aug. 29—Special—A transport, name unknown, has been sighted. It is reported there are six cases of yellow fever aboard.

Four Deaths.

Montauk Point, Aug. 29—Special—There were four deaths in camp this morning—all regulars.

MADE THE BUSINESS PAY GETTING ALONG ALL RIGHT

Cheap Photography Has Been a Success in Janesville of Late

W. G. De Four, of Racine, who has been conducting a penny picture gallery in this city during the past seven weeks, left this morning with his gallery for Monroe. Janesville is the best town, he says, he has struck since he has been in the business. He has taken close to 50,000 pictures since he came to town, just seven weeks ago.

Mr. De Four is studying medicine at the Northwestern University in Chicago, and during vacation time he travels about the country taking pictures just for "pin money."

If any one of the local physicians has made as much clear money in the past seven weeks here as Mr. De Four has with his penny gallery, he can consider himself in great luck.

Don't forget the ice cream and cake social at the Court House park Friday night for the soldier boys.

Harvey Christman, Injured By a Runaway Saturday, Is Doing Well.

Harvey Christman, of the town of Rock, who was badly injured in a runaway accident Saturday afternoon, was feeling much easier today, the bruises about his body and his fractured limbs giving him less pain. Although considered out of danger he is still a very sick man and suffers much. He says that he considers himself in great luck as it is, and that at one time he thought his life would be crushed out. He will be confined to his bed at least six weeks if not two months.

Card of Thanks.

To the neighbors and friends who were so kind during our recent affliction and to the members of Olive Branch Lodge No. 30 A. O. U. W. who were constant in their efforts to aid and comfort, we wish to return sincere thanks.

SCOFIELD SEES VICTORY AHEAD

GOVERNOR SANGUINE OF RE- PUBLICAN SUCCESS.

He Will Personally Take a Leading Part in the Campaign—Believes the People Will Approve the Course of His Administration—Bright Prospects.

The Madison special to the Chicago Times-Herald contains the following regarding the political situation in Wisconsin: Governor Scofield will personally open his campaign in Milwaukee on or about Sept. 10. Though such strong and effective speakers as Senator Spooner have volunteered to pull the lanyard which is to sound the first gun in the Badger state battle the governor has made the statement that he is desirous to stand sponsor at this important ceremony himself. In his first interview since the recent republican convention in Milwaukee Gov. Scofield informed a staff correspondent of the Times-Herald that it is his intention not only to open the approaching campaign but to lead his forces until the day of balloting.

The governor is informed of the probable campaign to be waged against him by the democrats of this state. He said he understood that not only his administration is to be violently attacked, but that the opposition is planning to make the fight as bitterly personal as is deemed wise and profitable.

Points to His Renomination

"I will pay no attention to petty and personal matters in the coming battle," he said. "Long before the republican convention I was vigorously assailed and more than one pretty trap was laid for me. Day after day as I sat in my Madison office men of prominence, who were perturbed by these stories, and newspaper men anxious to obtain my reply to so-called charges, came to me for a statement of some sort. I kept silent. I did not believe then and do not now that any criticism made thus far against my administration demands an explanation."

"I feel doubly assured of this stand since the demonstration of confidence shown in me by the republicans of Wisconsin in the Milwaukee convention. If the republican party of this state had given any weight to the charges that have been wrought and hurled at me the party would not have put me at its head, nor would I have dared to jeopardize its success by allowing my name to be used. As it was, I was nominated almost without a struggle on the first ballot."

Confident of Re-election.

"I am confident of re-election. There is no sign in the political drumbeat to presage defeat. It is all the other way. Some people may declare me an optimist, but I cannot detect any cause or condition indicative of a change in the sentiment in Wisconsin since the overwhelming victory of two years ago. I believe the state ticket that was formulated at the republican convention a few days ago will receive a plurality of at least 50,000. It is more likely to go in by 75,000 however."

"We recognize that this is what is termed an off-year. This is to be, a distinctive state campaign, with no influx of sentiment and glamour of national issues incident to national campaigns. I am going to stand on my record during my administration—on that and the platform adopted at the republican convention. Neither needs any excuse or explanation. Wisconsin has never enjoyed a better administration than that of the last two years. A better platform for the party to rest its feet on has not been framed."

Campaign On a Broad Line.

"The republican party will take no chances, however. The battle on our side is to be incessant and active. If personal shafts are to be directed at me by the democrats they will fall away from their mark as water from a duck's back. We will not be active in answering petty charges, but will rather continue the campaign along a bigger and broader line. Wisconsin democracy is but ready to make another sacrifice to its free silver idol. We will meet them squarely on that issue, and I have no fear of the result."

"I have faith in a united party back of me. I believe that the supporters of Mr. La Follette are ready to assert their republicanism today and will vote against the fallacious doctrines of the opposition on election day. I have no reason for thinking they will be indifferent to the republican party this fall. Far from that I say. I would no more believe such a contingency possible than I would prognosticate a bolting of the ticket by my friends if I had not been successful in the nominating convention."

Governor Scofield means everything he says. He means to make the fight of his life next fall. He wants to still all criticisms and kill all bickerings and complaints in a magnificent victory.

VARIOUS TYPES OF MANHOOD DELAY IRRITATES THE GOVERNOR

Rev. Arthur C. Kempton's Sermon On Sunday Evening

Mr. Kempton preached to a large congregation last evening on the unique subject, "Wanted—A Man," from the text James 5:1, "Puny ye and from in the streets of Jerusalem and see if ye can find a man." The sermon, filled with incidents from the lives of great men, was listened to with closest interest. In speaking of the necessity of physical strength he said, "All honor to our Y. M. C. A. with its gymnasium. All honor to baseball and football, golf and tennis, swimming and skating, and all those outdoor sports that bring health to the body and vigor to the mind. And may Heaven's three-fold curse rest upon cigarettes and cigars, and intoxicants and all those nameless vices that sap young men of their strength and blight the hope of the future!"

Four different ideals are seen in the young men of Janesville. There is the tough's idea, to use tobacco "like a man," to swear like a trooper, to drink like a toper, to know every saloon in town, to be an adept at cards, to be considered "fast," to hold up a man for his watch, and gamble on the street corners. Such men spend their lives in poverty and die in shame. Thank God we have but few of them.

There is the dude's ideal to wear the latest thing; the flashiest tie, the noblest hat; to saunter up and down the streets with his cigarette; to be known as a "ladie's man." If there is any man on earth whom I despise it is the dude. The dude is not a man, he is a thing. The only praiseworthy event in his career is his funeral. We are grateful that we have but few dudes in Janesville.

There is the common ideal. This is held by the majority of young men. It is to be a man as men go, to be as good as his father, to have as good a home, to be respected. Such a man never thinks of making the world better, nor of accomplishing anything great. He is satisfied so long as he has enough to eat and wear.

But the only true ideal differs from all of these. He who holds this determination to make as much of himself as is possible; to have true character; to make the world better because he has lived, to stoop to nothing low, to aspire to all that is noble, to be master at his trade or profession. Such men give us our Lincolns, Garfields, Gladstones, and McKineys. These are the men who are wanted.

REUNION OF IRON BRIGADE

All Preparations Are Complete for the Milwaukee Gathering.

Milwaukee, Aug. 20.—Preparations are complete for the reunion of the Iron brigade in Milwaukee, Tuesday and Wednesday of this week. It is expected that some of the veterans of this famous organization will reach the city today, and the reception committee will be on hand at the headquarters in the Owen building, opposite the Hotel Pfister, to bid them welcome. The brigade gained a reputation during the war of the rebellion, second to no other organization in the Union army. It participated in all the principal battles fought by the Army of the Potomac, and its behavior under fire gained for it a national reputation. It was known among the Confederates as "those black-hatted devils," from the fact that it was the only organization that stood to the tall felt hats all through the war.

The reunion will open with a business meeting at 9 o'clock Tuesday morning to be followed in the afternoon with a trolley ride to Whitefish Bay, where dinner will be served. The members of the brigade will take the cars on the return trip in time to proceed direct to the Alhambra theatre, where they will attend as an organization. Wednesday will be a sort of a go-at-you-please day. The headquarters will be kept open, and there will be refreshments served from the commissary department in the rear of the building.

IMMENSE SALE OF LUMBER

Two Hundred and Fifty Million Feet Bought From Weyerhaeuser

Ashland, Wis., Aug. 20.—For the first time since it began operations in this section the Weyerhaeuser lumber syndicate is a seller and it makes its appearance in that capacity with a sale for which the consideration approximately \$2,000,000.

The syndicate has sold 200,000,000 feet of standing pine lumber on and near Ohequamegon Bay, in the Ashland district. The syndicate is to cut the timber and deliver it on the bay, and the price for timber and logging is said to be \$8 per 1,000 feet. The largest purchaser is the Hines Lumber company, which is one of the largest lumber firms on the south shore, with mills at various points. This company has taken 200,000,000 feet of the timber.

The Red Cliff Lumber company, of Duluth, has taken 50,000,000 feet, making the total 250,000,000. This company is the one formed some time ago to cut timber on the Red Cliff Indian reservation.

This is the first sale that has been made by the Weyerhaeuser syndicate in this section. Heretofore it has always been a buyer, and a heavy one. The timber sold will be sawed on Ohequamegon Bay.

"Stanley" Shirt Waists

Waists of taffeta, wash silk, corduroy, &c. All well made, excellent fitting. First to come get best pick.

Women all say they are by far the best in town, in fact, the only Waists that have any style to them. There are so many "job lot" Waists that it seems a relief to select one from such a beautiful assortment as you show, said one lady. We still have some lovely novelties in French Plaid Canvas Cloth Waists, excellent to wash; Chicago price was \$3.50, our price, \$1.68. They closely resemble silk. Light Wool Madras Waists, fine and soft, were \$1.25, now 78c. Scotch Ginghams, pretty styles, very desirable, down from \$1.50 to 89c. Splendid Waists at 39c and 48c, were 50c and 75c. We have a room in which ladies can try on garments and satisfy themselves as to fit and becomingness.

OGDEN H. FETHERS HIGHLY HONORED

JANESVILLE MAN IS ELECTED BY PYTHIANS.

Made Vice Chancellor by the Supreme Grand Lodge at Indianapolis—A Recognition of Ability and Faithful Labor for the Good of the Order.

Ogden H. Fethers was highly honored by the Supreme Lodge of the Knights of Pythias at the meeting in Indianapolis, being elected Vice Chancellor of the order.

For Vice Chancellor there were three candidates—Carter of California, Shively of Indiana and Mr. Fethers. On the ninth ballot Mr. Fethers was elected.

The election of Mr. Fethers to this position is a very high honor and one most deservedly placed. Mr. Fethers has long taken a very active interest in Pythian matters and has labored unceasingly to advance the cause of the order. Oriental Lodge may well be proud of the fact that one of its members has been given so exalted a position and both Mr. Fethers and the lodge are to be congratulated.

The following was the order in which the prize drill awards were made, beginning with class A: First prize, \$1,500, Eau Claire, Wis.; second prize, \$1,300, company 3, Terre Haute, Ind.; third prize, \$1,000, Kalamazoo, Mich.; fourth prize, \$800, Alliance, Ohio; fifth prize, \$600, Covington, Ky.

Captain Con Felge, of Eau Claire, Wis., was awarded the badge for the best company commander. In class B the winners were as follows: they being contestants who had never before taken a prize at a national convocation: First prize, \$500, Lancaster, Ohio; second prize, \$400, company No. 88, Terre Haute, Ind.; third prize, \$300, Louisville; fourth prize, \$200, Jeffersonville.

Captain Benjamin Gray, of Louisville was given the badge as the best company commander. The St. Joseph, Mo., cavalry commandery was given the prize of \$300, it being the only contestant in that class.

SAD MEMENTOES OF THE DEAD

Trinkets That Belonged to Private Gifford Conveyed to His Mother

Sergeant Benjamin Brown, of Co. A, who accompanied the remains of Private Gifford to this city, performed a task this morning that was indeed a hard and unpleasant one. When he came north he brought along all the earthly belongings that Private Gifford had with him while in camp—one little grip and a small package. The package contained his rubber blanket as issued to him by the government, while within the grip was underwear and a number of small articles and a kodak. This morning he conveyed these to his heartbroken mother and sister. The deceased had taken a number of kodak pictures, many being of himself as a private while at Jacksonville.

MELONS ARE CHEAP AS DIRT

The Crop Is a Large One and Prices Are Extremely Low

Nine loads of home grown cantaloupes and water melons stood in front of a west side grocery store at 7:30 o'clock this morning awaiting a buyer. The home market promises to be well supplied with this fruit this season, and prices will be low. On a number of farms between this city and Brodhead melons by the thousands have been grown this summer, and are now being harvested. One dealer in charge of four teams came all the way this morning from Brodhead and reports having had a hard time in getting rid of his fruit at any price.

SOCIAL FOR SOLDIER'S AID

Ladies' Relief Society Will Entertain With Ice Cream and Cake

Another ice cream and cake social has been planned by the ladies of the Soldiers' Relief Society, to be given on Friday night, September 2, at the Court House Park for the benefit of our boys at Jacksonville and especially for those who are sick. This will afford another opportunity for you to contribute your mite and thus help the good work along. These socials have been a success in the past, and it is the desire of the ladies that this one may eclipse the others, financially and socially. It will be the regular band concert night, and so a double attraction will be offered. Come one, come all.

SATURDAY IS SOLDIER DAY

Helmstreet's Soda Fountain Will Sizz in a Good Cause.

Saturday will be "soldiers' soda day" at Helmstreet's drug store, and a major portion of the day's receipts at the soda fountain will go to the Ladies' Aid society for the relief of the soldiers. The cause is a worthy one, so save your thirst until Saturday and drink to the "boys in blue."

Mrs. Caroline L. Tompkins.

The death of Mrs. Caroline L. Tompkins is announced in a letter to Mrs. F. C. Cook. Mrs. Tompkins, who was one of the early settlers in Janesville, was the widow of Judge William F. Tompkins and the sister of Mrs. Levi Alden. Her death occurred in Washington, August 25 at the age of eighty-three years. Death resulted from paralysis. One daughter and one son survive, the daughter being at her mother's bedside in the last hours.

JAMES L. STEWART COMMITTS SUICIDE

BROTHER OF DAVID STEWART, OF THIS CITY.

Took an Overdose of Laudanum at Edgerton Saturday Night—Business Troubles Given as the Cause—Deceased Leaves a Wife and Three Children—Well Known Here.

David Stewart, the local contractor, received a message yesterday from Edgerton, notifying him of the death of his brother, James L. Stewart. Death resulted from an overdose of laudanum taken with suicidal intent.

Mr. Stewart left Janesville after the receipt of the message, and was soon in Edgerton, where he assumed charge of the remains a short time after his brother had breathed his last.

The suicide caused much surprise on the streets of Janesville this morning, for Mr. Stewart was well known here, where he had a host of friends.

Prominent in Business.

Deceased was a member of the firm of Shuman & Stewart, who have of late years been doing a good business in the leaf tobacco line in Edgerton. This firm were also heavy depositors in the Bank of Edgerton, and were carried down in the late failure that brought disaster to so many people.

The loss of much of their money in this failure caused Stewart to worry, and his suicide is laid at the door of the bank failure. Of late he has been attending to business as usual, but his friends have noticed that he acted queerly at times, and seemed to be affected in a melancholy way. Saturday evening friends, on going to his office, found Stewart in an unconscious condition. A physician was at once summoned, and then for the first time was it realized that the sick man was in a dying condition as the result of too much laudanum. All that medical aid could do was done to save his life, but yesterday he died.

Case of Suicide

That the case is one of suicide there is but little doubt. Friends of late have received letters from Stewart in which he plainly states his business troubles. Deceased was formerly a resident of the town of Porter and was widely known through the county. He leaves a wife and six children in Edgerton to mourn his death. Three brothers and two sisters are also left.

DEMOCRATS TO NAME A TICKET

ROSE FACTION APPARENTLY LOST CONTROL.

Judge Sawyer, of Washington County, Likely To Secure the gubernatorial Nomination—Fusion with the Populists Seems to Be in Favor with the Bosses.

Milwaukee, Aug. 20.—The fight between the opposing democratic factions in Wisconsin will end soon, and Judge Sawyer is likely to be the nominee. T. E. Ryan, of Waukesha, admits that his chances are small, and his backers have been seeking peace at the hands of the Sawyer men. This means that Mayor David S. Rose, has been "cleared out" so to speak, and his attack on ex-Governor Peck's administration is held responsible for his failure to get hold of the party.

The democrats and the populists will fuse. The convention will meet next Wednesday. On the same day, and at the same hour, the populists will assemble in another hall and will hold their convention. The democrats will adopt a platform and nominate candidates for all the offices, from governor down to insurance commissioner, by private arrangement with the populists, and the latter will then fall in and swallow nominees and platform. But they will do this with one important proviso, and that is that the democrats in their platform shall declare in unequivocal terms for William J. Bryan and the Chicago platform, and that several important places on the ticket shall be allotted to populists.

HAD A PICNIC ON SUNDAY

Local Dromedaries Enjoy Themselves On the Banks of Rock River

Sixteen from this city drove to Beloit yesterday and participated in a picnic as the guests of the Lion City Dromedaries, a social club of young men of the Lion City. On the banks of the Rock four miles north of Beloit the picnic was given, and there was nothing found wanting. A spread fit for a king was in order, and a musical program brought the day's festivities to an end. The local party left this city at 7 o'clock in a four horse carryall, and returned at 11:30. Those who went were: Alexander Buchanan, Alfred Jerg, Charles Ellis, William Leach, Daniel Brown, Thomas McKelvie, Joseph Lightner, Louis Levy, Martin Curtis, O. P. Matthews, John Kemmett, John Dwyer, William Buchanan, John Dwyer, Ed. Dermody, Clinton Case.

CROSSING COUNTRY ON TANDEM

Pennsylvania Boys Arrive Here On Their Way to Kansas.

The two brothers, Scott, of Scranton, Pa., arrived in the city today on a tandem, being on their way to Fort Scott, Kansas, for a visit. They left home in June, and expect to reach their destination the latter part of next month. They camp out along the route, and are taking their time.

When they break camp they rap their baggage, tent and akete alongside of their wheel, and seem to get over the country at a lively rate of speed. They generally take their meals with the farmers, finding it less expensive than eating in the cities.

EX-GOV. MATTHEWS DEAD.

Attack of Paralysis Ends Fatally—Sketch of His Life.

Crawfordsville, Ind., Aug. 20.—Claude Matthews, ex-governor of Indiana and the leading candidate of the Indiana democracy for the United States senate, died Sunday morning at 6:14 at the country mansion of Isaac M. Meharry, to which he was taken immediately after receiving a stroke of paralysis while addressing the old settlers' meeting at Meharry's Grove Thursday.

The body will be taken to-day to Cayuga, and thence to the family home at Clinton, at which place the funeral will take place on Wednesday at an hour to be determined after the arrival of the family at home. The funeral is planned to be a quiet one, but can hardly be so, as hundreds will journey to the Matthews farm from all parts of the state to be present at the obsequies.

Gov. Matthews was born in Bath county, Kentucky, the birthplace of Abraham Lincoln, Dec. 14, 1845. He left Kentucky in 1868 and settled in Vermillion county, Indiana, where he had a farm of 2,000 acres. He organized the Indiana Short-Horn Breeders' Association and was one of the founders of the National Association of Short-Horn Cattle Breeders of the United States and Canada.

He served a term in the legislature in 1876. In 1880 he was nominated and elected secretary of state and in 1892 he was chosen governor. After his term as governor expired Mr. Matthews retired to his home in Vermillion county.

In 1895 the friends of Mr. Matthews resolved to make him a conspicuous candidate for the democratic presidential nomination. The state convention was enthusiastically in favor of his nomination by the national democratic convention which met in Chicago in July, 1896.

Mr. Matthews endorsed the action of the national democracy and immediately began a most brilliant campaign for Messrs. Bryan and Sewall. He never faltered for an instant, but continued actively at work until the polls were closed in November of that year.

On Jan. 7, 1898, he married Martha R. Whitcomb, daughter of the late James Whitcomb, who was governor of Indiana from 1843 to 1849 and was afterwards United States senator from this state.

DEATH OF HUSBAND DRIVES HER INSANE

MRS. MARY SENNETT WILL BE TREATED AT MENDOTA.

Unfortunate Woman Resides in the Town of Janesville, and Has Relatives Here—Attended St. Patrick's Church Yesterday—Has Seven Children To Care For.

Constant worrying over the death of her husband has driven Mrs. Mary Sennett, of the town of Janesville, insane. The unfortunate woman, after being examined and pronounced of unsound mind by Drs. J. F. Pember and E. F. Woods, was committed to the state hospital for the insane at Mendota by Judge J. W. Sale, of the county court.

The case is a most peculiar one, and calls for sympathy from the strongest hearts. The unfortunate woman has been acting queerly for the past six weeks, and friends and relatives say that it was all caused by her worrying day and night over the death of her husband, Patrick Sennett, who died of pneumonia a few weeks ago after an illness that lasted but a few days.

Mourned For Her Husband

Mrs. Sennett was left in indifferent circumstances and with seven children to care for. Yesterday she got up early and told members of her family that she was coming to town to attend church. She left home and on driving home went direct to St. Patrick's church where she attended early services. Friends who sat near her noticed nothing unusual about her, either while she attended or when she went to drive home. On reaching her home, which is the former Search farm one mile from here, she commenced to act queerly. Friends and neighbors who arrived soon afterwards found her running about the yard doing things that no sane person would think of doing.

Taken Into Custody.

The unfortunate woman was at once taken in hand and cared for to prevent her from doing harm to herself or her children. During her mad spells she frequently speaks of her dead husband, and there is little doubt but his sudden death has driven her mad.

Mrs. Sennett is about 40 years of age, and is well known in this city, where she has a sister and relatives.

THE SICK AT JACKSONVILLE

While it is true that many soldiers are sick at Jacksonville, it is equally true that many of the harrowing tales made public these days, are exaggerated. People who have relatives and friends at the camp, are naturally greatly concerned, but there is a bright side as well as a dark side to look upon.

The chief surgeon of the Seventh Army Corps, who has charge of the medical department at Jacksonville, is Lieutenant Colonel Lewis M. Maus, of the regular army. Col. Maus has been in the medical service since Nov. 10, 1874, and is a native of Maryland. His record, according to the Army Register, is excellent. He may therefore be safely considered fully qualified for the place he holds. In his report to the war department, Col. Maus says that there are fewer deaths and less sickness in the seventh corps than in any other corps in the army, and with increased hospital facilities such as are now being provided he hopes to reduce the number of sick at an early date. As to the causes of the typhoid cases, Col. Maus is authority for the statement that many of the men brought the germs of the disease with them, while others have wandered about in the woods surrounding the camp, drinking surface water from wells and streams instead of the pure artesian water that is piped through all the camps.

Col. Maus' statement bears out the statements made by Assistant Surgeon J. B. Whiting, Jr., in his letter to The Gazette and also the similar statements made last week in a letter to The Milwaukee Sentinel by Brigade Surgeon, Major John R. McDill, of Milwaukee, both of whom have said that the death rate at Jacksonville was under the average for either a civil or military hospital.

Whatever the facts may be concerning the conditions at the other military camps, it would therefore appear that there is no cause for undue alarm concerning the regiments at Jacksonville.

Col. Maus is a regular army surgeon, not a volunteer. He has been compelled to work with military precision in all things for twenty-five years and well knows what will happen if he misrepresents things to his superior officers.

His report is also borne out by the list of the sick at the various camps as published by the Chicago Journal Saturday evening as follows:

At Fort Sheridan	300
At Camp Thomas	150
At Camp Wilcox	1,200
In St. Louis hospitals (not a camp)	50
At Chickamauga Park	800
In New York hospitals (not a camp)	200
At Santiago de Cuba	500
At Ferdinand, Fla.	150
In Boston hospitals (not a camp)	100
At Jacksonville, Fla.	1,000
In Porto Rico	2,500
At San Francisco	200
At Huntsville, Ala.	300
At Fort Myer, Fort Monroe, Sheridan Point	1,000
Camp Alger and other places	1,300
Total	12,300

As will be noted the list also shows fewer cases of sickness at Jacksonville than at any of the other camps. Janesville people can therefore congratulate themselves that their loved ones are at Jacksonville rather than at any of the other points of rendezvous, and look upon the more hopeful side of the case with a good deal of satisfaction.

People should remember that every cloud has its silver lining; that Jacksonville camp is the healthiest one in the United States; that the death list had the regiment been sent to Santiago would have been much larger than it has been; that, if the same 12,000 men were encamped at Janesville for an equal length of time, probably as many men would have sickened and died; and that The Gazette often prints a half dozen or more obituaries in the same issue, although Janesville has hardly more population than has the camp in Jacksonville, without occasioning particular comment as to the unhealthfulness of the city.

It is but natural, as before stated,

that people should be concerned for their husbands, sons, nephews, brothers and sweethearts, and all can sympathize with them, but at the same time, duty to self, and to the loved ones, demands that the best be made of the situation. As First Sergeant Minor recently said in one of his letters to The Gazette, "try to jolly up." Do not depress us with too much sympathy for our alleged "awful condition."

A few weeks ago the yellow papers teemed with heartrending stories of the sufferings, etc., of the "noble Cuban patriots." The war has demonstrated that the yellow papers did not know what they were talking about in this case, and if you will but stop and reckon up you will find that the same curial-to-the-country organs are the ones that have the most to say about "official incompetency," etc. How much reliance can be placed upon them? None, absolutely none.

The populists of Floyd county Indiana, have endorsed Lieut. Richmond P. Hobson, for president in 1900. The Indiana pops evidently think none but a nifty man will fill the bill, but Hobson, although he faced death without flinching, will probably quail at the suggestion.

The yellow papers are now devoting all their damnable energy to criminal exaggeration of the condition of the troops. The heartless, conscienceless, yowling yellow papers are more of a curse to the country than the yellow fever would be.

Neville Lubbock, the noted Englishman, thinks Great Britain should cede the island of Jamaica to the United States. This scheme, in the language of the cockney, would not be "so rum a go" as it might be.

The war department has issued an order that soldiers allowed a thirty day furlough may have a thirty day extension in addition.

Oshkosh is going backward. One of her citizens tried to mail a letter in a fire alarm box the other day, with the usual result.

Japan wants to buy the Ladrone Islands. If Uncle Sam is wise, he will sell.

American Capital Offered.
 Pekin, Aug. 29.—Yung Wing, the Americanized Chinaman who is deeply interested in railroads, states that an American firm has offered to supply the capital for the work on the concession for the Tien Tsin-Chin railway. He adds the Germans are willing to join in the construction of the road if the lines will go through the province of Shan-tung.

Britain and Russia May Clash.
 London, Aug. 29.—A special dispatch from Shanghai says it is stated here that the Chinese minister at St. Petersburg has reported to his government that, in his opinion, the China question will precipitate a conflict between Great Britain and Russia. The Chinese minister, indeed, expects that a conflict will certainly break out before the end of the year.

Iowaans Start Today.
 Des Moines, Aug. 29.—Gov. Shaw received a telegram Sunday from Col. Humphrey of the Fifty-second Iowa, stationed at Camp Thomas, stating he would start with his regiment for Des Moines at 6:30 Monday morning. The men are expected to arrive here Tuesday evening or Wednesday morning.

Committees Agree on Terms.
 London, Aug. 29.—The committee of the coal mine owners in South Wales and the workmen's committee have agreed upon terms that will be submitted to the striking colliers on Thursday. If the terms are accepted it will mean a 5 per cent advance in wages, as was offered on July 18.

Miss Winnie Davis Improves.
 Narragansett Pier, Aug. 29.—The condition of Miss Winnie Davis was slightly improved Sunday. At a consultation Saturday by Dr. John A. Wilcox and Dr. Bache Emmet of New York, her illness was pronounced to be gastritis. Prayers were offered for her recovery in the Episcopal and Catholic churches here.

AGUINALDO'S LATEST MOVE.

Insurgent Leader Sends Delegates to Paris.

WILL INSIST ON A HEARING.

Gen. Merritt Will Soon Sail for the French Capital—Admiral Dewey Wants More Warships—He Would Keep the Islands.

Manila, Aug. 29.—Aguinaldo has decided to send delegates to Paris to present the cause of the insurgents to the members of the peace commission. They will also make known to Europe and America the nature of the rebellion against Spanish authority and the claims of the insurgents for recognition in the future government of the Philippines.

He and the other leaders in the rebellion are holding a conference at Cavite, there being in attendance many delegates representing both the natives and the mestizos (half-breeds). Some of those taking part in the conference were allied with the Spaniards against the insurgents and the Americans during the recent operations leading to the capture of Manila.

Aguinaldo declares that it is his desire to remain friendly to the Americans. He asserts that his friendliness is being misconstrued by many of his followers, who favor a more decided antagonism.

The insurgent chief is preparing to remove the headquarters of the native revolutionists to Malibon, north of Manila, the present headquarters at Bakor being between the American forces at Manila and those at Cavite, and therefore hemmed in.

It is reported that Aguinaldo will consent only to an American protectorate of the Philippines, with practical independence for the inhabitants. A return to Spanish government would be abhorrent to the last degree to the insurgent leaders and to the people.

Gen. Merritt leaves for Paris within the next few days on the steamer China in order to assist the American members of the peace commission with information regarding the situation in the Philippines. Gen. Otis succeeds him in command at Manila.

Admiral Dewey has cabled a request to Washington that a battleship and the cruiser Brooklyn be sent to Manila to strengthen his fleet. He has also cabled valuable recommendations regarding the proper disposition of the Philippines. He is believed to favor their retention by the United States, as he is known to have remarked in conversation that he would like the American flag to fly forever over Manila.

THREE SOLDIERS KILLED.

Members of the Sixty-ninth New York in a Railroad Wreck.

Birmingham, Ala., Aug. 29.—While on its way to Huntsville, Ala., from Fernandina, Fla., a train on the Louisville and Nashville road bearing the battalion of the Sixty-ninth New York regiment was wrecked near Newcastles, ten miles from here, last night. The dead:

PRIVATE PETER ARLEY, company G.

QUARTERMASTER SERGEANT FRANK GLENNON, company G.

SERGEANT J. J. MANING, company E.

Wounded—Privates:

T. J. Skelley.

H. G. Donahue.

James Meade.

Michael Doran.

George Nomard.

McMahon, all of company E.

Of these none is expected to die.

The train was running very rapidly, and while turning a sharp curve the tender left the track, followed by five cars, which rolled down the embankment. The soldiers, armed with axes, attempted after the wreck to mob the engineer, and he fled to the woods. They declared the wreck was due to the high speed of the train.

Return of Illinois Regiments.

Springfield, Ill., Aug. 29.—Gov. Tanner telegraphed from Washington that the First, Fifth and Seventh regiments had been ordered to Springfield to be mustered out. The First will not reach Montauk Point before Wednesday or Thursday. The Fifth is expected to arrive here Wednesday or Thursday. The regiments will be encamped at Camp Lincoln during their stay here, and the work of preparing the camp is under way. Springfield is arranging to give the returning soldiers a proper reception.

More Troops Leave Cuba.

Santiago de Cuba, Aug. 29.—The transport Roumanian left for Montauk Point this morning with 650 sick men of the Seventh-first New York, the Second and Ninth Massachusetts, the Tenth cavalry and the Second, Sixteenth and Twenty-first regulars. The condition of the men is extremely bad, the disappointment over the delays in getting them away having greatly affected their spirits. Ambulances were found to be necessary to convey most of them to the steamer.

Troops Landed in Spain.

Madrid, Aug. 29.—Lieut. Gen. Correa, minister of war, has informed the queen regent of the arrival of the transport Isla de Luzon at Vigo and the Montserrat at Corunna, with troops returning from Cuba. Forty-two deaths occurred on the steamers during their passage.

Would Share with America.

Pekin, Aug. 29.—The French, Italian and Dutch ministers have formally demanded in behalf of their respective nationalities chairs in Martin's American university.

Always Short A Collar.

Never have too many on hand. They soil quickly and the large supply of fresh linen you thought you had has dwindled away.

We Have Fixed the Collar Question.

You can have collars to spare, plenty of them.

Collars at 5c.

Collars at 10c.

Collars at 15c.

We have just added a line of 15c collars, pure linen, 4 ply, the proper weight for the laundry. Styles and shapes are the very latest—round points in standing and turn down, every height; positively the same value as those sold at 20 and 25c, and all we ask you is.....

15c

Cotton Collars are in high favor in the cities this season. We have put in a complete line of them to be sold at 10c straight; they ought to go at 15c but we are after reputation. These collars stand wear and laundering better than linen—so people say who have worn them. The shapes are all late, in fact, in duplication of imported German collars that retail at 35c; you can have all you want of them at.....

10c

Broken sizes in Cluett, Coon & Co.'s and Earl & Wilson's 25c collars, standing and turn down, go at 5c.

A Mothers' Opportunity...

In those wide turn-over collars for boys to wear with Shirt Waists, regularly set at 20c; we put them down to 5c. We are cleaning out our collar stock and have many good bargains at 6c.

TWO NEW GROCERY ARTICLES!

Some new things are better than old ones. Some are not so good. We look carefully into new articles before we recommend them to replace the old ones. The two new grocery articles we are speaking of you have already become familiar with---their names at least.

Freun's Wheat Wafers.

I. X. L. (Cold Water) Starch.

We have pushed both of them quite extensively in the past few weeks, and with real marked success too. People have bought freely of them, praised them both generously. We knew of their merit to such an extent that we felt warranted in placing our personal guarantee back of them. The manufacturers give their word as to their worth, so there is no doubt but that they are good.

I. X. L. Cold Water Starch does not require boiling. It saves time and labor and is the best article of its kind on the market. We sell it 3 packages for 25c, whereas it usually retails at 10c package. Large purchases place us on a jobbing basis.

Freun's Wheat Wafers A perfectly digestible, nutritious breakfast food. The weakest stomach digests it. Children grow healthy and strong with it as a food. Grown people acquire more nerve force and general strength on Freun's Wheat Wafers. The indigestible part of the wheat kernel is removed. We sell it 10c package; usual retail price is 2 packages 25c. Our large purchase helps us to make the low price.

We never give our word to an article unless it has merit. You can rely on both of these articles. Give them a trial.

SAGASTA WANTS NO DEBATE.

Cortes Not to Discuss Incidents of the War.

MUST AUTHORIZE PEACE.

Supreme Councils Alone Are to Deal with the Various Disasters—Reports to Be Withheld—Interview with the Spanish Premier.

Madrid, Aug. 29.—Senor Sagasta, the premier, is quoted as having in the course of an interview made some important statements, declaring that it was the government's intention to repress the discussion of war topics in the cortes.

He said that as soon as the cortes met the government would submit a bill authorizing peace negotiations and next a measure relating to the suspension of the constitutional guarantees.

Although Senor Sagasta did not state the nature of this measure, it is supposed that it will provide for the continuation of the suspension.

"The government," said the premier, "will not discuss in any form the questions of peace or war. Indeed, the deputies would be entirely lacking in the material necessity for a discussion. The debate could not be based on concrete, positive facts, founded on indisputable documents, since the necessary information has not arrived. I believe that no discussion of the surrender of Santiago and Manila will occur nor of the destruction of the Spanish fleet, unless trustworthy data and exact proofs are to hand. Moreover, no discussion is permissible of matters at present under consideration by the supreme councils of war and marine. Mistakes or blunders may have been committed, but thus far we have not sufficient material to judge.

"Another reason why questions of peace and war should not be discussed is that diplomatic negotiations are now being carried on, and a debate on these subjects might be provocative of undesirable complications. It must not be said that peace is signed and discussion is now allowable. Peace is not signed. Spain is still at war with the United States. The two nations have merely concluded a suspension of hostilities in order to negotiate peace. These negotiations may be brought to a successful issue, but it might happen that hostilities will be recommenced.

"That is why I think the cortes will only be able to discuss strictly necessary questions—that is, to make itself acquainted with the situation of the interests now at stake, which are so important for the nation, but not to engage in debate which would assume such proportions as to infringe upon the discretion which

the gravity of the circumstances requires of the cortes.

"Should they ask to have presented the documents concerning the surrender of Santiago and Manila and the destruction of the fleet now in the government's possession the government would not accede to the request. These papers are in the hands of the supreme councils, which alone before the proclamation of peace, can conduct inquiries and establish responsibilities. The inquiries may result in acquittals or severe sentences, even the capital penalty."

New Torpedo Boat Is Speedy.

Portland, Ore., Aug. 29.—The torpedo boat Davis, which is being constructed at the Wolf & Wicker Iron works, was given a preliminary trial on the Willamette river. No effort was made to force the craft up to the required speed, twenty-two and one-half knots, but it is announced that the trial was satisfactory in every respect.

Menaced by Forest Fire.

Visalia, Cal., Aug. 29.—A forest fire is raging in the mountains near Millroad. It is spreading toward the Gen. Grant Park and is reported to be beyond control.

OF LOCAL INTEREST.

Some People We Know and We Will Profit By Hearing About Them.

This is a purely local event. It took place in Janesville. Not in Buffalo or New York. You are asked to investigate it. Asked to believe a citizens word. To confirm a citizens statement. Any article that is indorsed at home.

That obtains resident advocates, is more worthy of confidence. Than a far off foreign article. Testified to by unknown people.

Mrs. L. B. Canniff, of 107 Cornell street, says: "I doctored from time to time for the last eight or ten years for kidney complaint. I felt fairly well as long as I took medicines, but I left off I immediately became worse. At one time I had such a severe attack that I came near dying. The pain became so severe that it brought on nervous chills, my finger nails turned purple and I never suffered so much in my life. The medicine I took seemed to act as a stimulant while I used it and I finally recovered in a measure. During the last three years I suffered from attacks of headache, dizziness and backache. It was for these reasons, that on learning about Doan's Kidney Pills, I procured them from the Janesville Co's. drug store and I can say they are a splendid remedy. The pain in the region of my kidneys was removed in a short time and since completing the treatment I have felt better generally. Doan's Kidney Pills for sale by all dealers. Price 50 cents.
